

Our Privacy Policy

We understand your potential privacy concerns especially in today's ever changing internet world. We therefore, urge you to take the time to fully review this policy and to make sure it meets your personal expectations on privacy. If it fails to meet your expectations of privacy, we strongly urge you to not register on any of our sites.

Personally-Identifiable Information and Non-Personally Identifiable Information

We may collect two different types of information, Personally Identifiable Information ("PII") and Non-Personally Identifiable Information ("Non-PII"). PII is information that identifies you as an individual – for example, your name, address, telephone number, email address, credit card information, billing address and shipping information. Non-PII is aggregated information, demographic information, IP addresses, user behavior data from web interaction metrics tools and other information that does not reveal your specific identity.

PII and Non-PII may be collected anytime you access or use any of our webpages. Third parties may use cookies, web beacons, and similar technologies to collect or receive information from us and elsewhere on the internet and use that information to provide measurement services and target ads. You can opt-out of the collection and use of information for ad targeting at this link www.aboutads.info/choices. We also collect information via cookies; blocking cookies may render you unable to access certain products, services, or websites of ours.

We use PII to respond to your inquiries, provide you with services you have requested, keep you informed of services we think may be of interest to you, and otherwise personalize your experience with us, and other reasons. We do not sell or lease PII about you to others. We may also share PII when required by law, or when you have expressly requested us to do so. We reserve the right to disclose and use your PII if we believe it is necessary to: (a) respond to legal process, e.g., a subpoena; (b) respond to a law enforcement agency's request; (c) enforce the Terms; or (d) protect the rights, privacy, safety, property, or operations of ours or third parties;

Because Non-PII does not personally identify you, we reserve the right to use and disclose to third parties Non-PII for any purpose.

What Do We Do With Cookies and IP Address Information?

We use your IP address to help diagnose problems with our server and to administer our website. Your IP address is used to gather broad demographic information. We use cookies to deliver content specific to your interests and to save your password so you don't have to reenter it each time you visit our site. You may set your browser to refuse cookies. If you make that choice, please understand that you may not be eligible for any specials and/or promotions we may offer our Site's users.

Choice/Opt-Out Procedures

We allow you to opt-out of receiving communications from us and our

affiliate/partners/sponsors when we request information about you. We give you the following options for removing your information from our database to not receive future communications or to no longer receive our service. You may unsubscribe from any of our email communications with you at the bottom of the email.

Privacy Policy Changes

We may amend this privacy policy from time to time. If we make any material changes to the way we use your personal information, we will notify you by e-mail or by posting a prominent announcement on our landing page.

Parents: Please Note Our Privacy Policy Regarding Children

Given the ever increasing exchange of information and materials in today's internet world, we are extremely sensitive to privacy issues especially when it comes to children. Therefore, we are especially careful in any communications involving children and their families. We do not knowingly collect any information whatsoever from children 13 and under. We do not verify the age of any registrant and simply rely on the veracity of any registrant when such registrant provides us with information. Consequently, if you are uncomfortable with this lack of verification procedures, we urge you to not register with us or on any of our sites. We treat any child over the age of 13, as disclosed to us in the registration process, the same way as we treat all other registrants. We urge parents to regularly monitor and supervise their children's online activities.

Contacting the Web Site

If you have any questions about this privacy statement, the practices of this site, or use of our trademarks and copyrighted material, please contact us at the address below. For any other concerns about this Site, contact us by United States Postal Service or email.
